PROJECTS

BENZ Car Website

- This project is a responsive website designed for showcasing Benz cars. Built using HTML, CSS, and media queries, the website features a sleek, modern layout optimized for various screen sizes. It highlights Benz's premium design and features, ensuring a user-friendly experience across devices.

Personal Portfolio

- This project is a professional personal portfolio website designed to showcase skills, projects, and achievements. Built using HTML, CSS, and Bootstrap, the website features a responsive and visually appealing layout with smooth navigation. It highlights a clean design with sections for an about page, projects, skills, and contact information, ensuring a seamless user experience across all devices.

Fashion Store Website

- This project is an interactive fashion store website designed to provide an engaging user experience. Developed using HTML, CSS, and JavaScript, the website features a modern and stylish design, showcasing fashion products with dynamic elements such as image sliders, interactive navigation, and responsive layouts. The website ensures an intuitive shopping experience for users on both desktop and mobile devices.
