- HTML
- CSS
- JAVASCRIPT
- BOOTSTRAP

DATE:

PLACE:

CRAFTED

Dynamic
I will develop a dynamic webpage that incorporates frontend to deliver interactive and user-centric functionality.

Responsive
I will design and develop a responsive website that adapts seamlessly to various screen sizes and devices, ensuring an optimal user experience.

PROJECTS

BENZCar Website

This project is a responsive website designed for showcasing Benz cars. Built using HTML, CSS, and media queries, the website features a sleek, modern layout optimized for various screen sizes. It highlights Benz's premium design and features, ensuring a user- friendly experience across devices.

Fashion store Website

This project is an interactive fashion store website designed to provide an engaging user experience. Developed using HTML, CSS, and JavaScript, the website features a modern and stylish design, showcasing fashion products with dynamic elements such as image sliders, interactive navigation, and responsive layouts.

CERTIFICATES

Currently Pursuing **MERN STACK DEVELOPER** at **SDLC -** Skill Development Learning Center , **COIMBATORE**

EXPERIENCE

Process analyst

I have experience as a Process Analyst at eClerx, where I managed domain name admin tools within the Ladders process, ensuring efficient and accurate operations.
